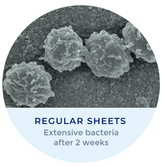
"Self cleaning sheets do exist."

Say goodbye to dirty sheets.

Our sheets use anti-microbial silver that eliminates **99.9%** of bacteria.



REGULAR SHEETS
Extensive bacteria after 2 weeks

Normal sheets are a breeding ground for bacteria that lead to odors, stains, and even acne

VS.

ALOFT SHEETS
Minimal bacteria after 8 weeks

Aloft uses natural silver to eliminate 99.9% of bacteria through a natural process called Ionization

People are raving about anti-microbial silver...

Nathan L ★★★★★
Softer than expected with silver. Larger than most queen sheets too. Not as bright white as I was hoping for. Overall great set of sheets!

Alex L ★★★★★
Material is smooth and soft. It also looks great with white and silver

Laura P ★★★★★
We tried this product in order to reduce the smell that accumulates from sweat and drool. It works so well! The silver kills the bacteria and we all sleep better and healthier!
